SUPPLEMENTARY INFORMATION:

Title: Voluntary Recalls of Meat, Poultry, and Egg Products.

OMB Number: 0583-0135.

Expiration Date of Approval: 9/30/2021.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, et seq.), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, et seq.), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, et seq.). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, unadulterated, and properly labeled and packaged.

FSIS is requesting a renewal of the approved information collection regarding voluntary recalls from commerce of meat, poultry, and egg products. There are no changes to the existing burden estimates for this information collection. The approval for this information collection will expire on September 30, 2021.

FSIS may request that a firm that has produced or imported meat, poultry, or egg products that are adulterated or misbranded and has distributed such products in commerce recall the products in question. When there is a recall, FSIS asks that the recalling firm (e.g., a manufacturer, distributor, or importer of record) provide the Agency with basic information, including the identity of the recalled product, the reason for the recall, and information about the distributors and retail consignees to whom the product was shipped. Under the FMIA, firms are required to keep such records that fully and correctly disclose all transactions in their business (21 U.S.C. 642).

Under the PPIA, firms are required to keep such records as are properly necessary for the effective enforcement of the PPIA (21 U.S.C. 460(b)).

Industry representatives use the FSIS Form 5020-3 *FSIS Preliminary Inquiry Worksheet* to provide firm contact information and specific details regarding adulterated or misbranded product in commerce, including product identifiers, product amounts and supplemental information. Recalling firms and distributors then use the FSIS Form 5020-4 *FSIS Recall Distribution Information Template* to provide the location and contact information of consignees who received recalled product.

When a firm voluntarily recalls a product, FSIS conducts recall effectiveness checks. In conducting recall effectiveness checks, if the recall is to the retail or consumer level, the Agency contacts the distributors and retail consignees to ensure that they were notified of the recall, to verify the amount of product they received, and to confirm that they are removing the product from commerce and returning it to the recalling firm or otherwise disposing of the product.

FSIS has made the following estimates based upon an information collection assessment.

Estimate of Burden: FSIS estimates that it will take respondents an average of approximately 1.08 hours to collect and make this information available to FSIS.

Respondents: Official establishments, importers of record, and retail consignees.

Estimated Number of Respondents: 6,090.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 6,600 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250-3700; (202) 720-5627.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Responses to this notice will be summarized and included in

the request for OMB approval. All comments will also become a matter of public record.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS Web page located at: <https://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS Web page. Through the Web page, FSIS can provide information to a much broader, more diverse audience.
